FAIRBURY NURSERIES

FAIRBURY, NEBR.

RETURN POSTAGE GUARANTEED

J R. Magness
Washington

10 lbs
Head Horticulture in charge

1. *Chlorophyll a* (Chl a) is the primary photosynthetic pigment in most plants and algae. It is a green pigment that absorbs light energy in the blue and red regions of the visible spectrum. Chl a is essential for the light-dependent reactions of photosynthesis, where it converts light energy into chemical energy in the form of ATP and NADPH.

What You Should Do

All remittances should be made payable to C. M. Hurlburt and Son. Send by Postoffice or Express Money Order, Bank Draft, Check or Registered Letter. For amounts less than one dollar you may send one and two-cent stamps. Orders for less than fifty cents are not advisable.

What We Do

On all orders of \$10.00 or more from prices in this catalog we will prepay the freight (Evergreens excepted).

For all trees less than five feet and all other nursery stock listed in this catalog we will prepay the express or postage if you remit 10 per cent more than catalog price.
